

CAMP COAST

A SUMMER CAMP FOR YOUNG ADULTS WITH EPILEPSY

June 14th -19th, 2020
Rochester Rotary Sunshine Campus

Camp Coast will be held on June 14-19, 2020 at the Rochester Rotary Sunshine Campus. The camp offers young adults, aged 18 and over, with epilepsy and developmental disabilities the unique opportunity to experience a sleep-away summer camp with a pre-vocational focus.

Camp Coast is staffed with awesome counselors. Counselors meet all NYS screening requirements for health and safety and undergo a rigorous training program. The camper-to-staff ratio is 3 to 1. Camp also has a medical team on site and 24-hour access to neurologists at UR Medicine.

Our campers increase both their self-confidence as well as their employment readiness. Camp COAST also provides one week of respite for families. Sign up today!

COST AND PAYMENT

- Fee is \$750, including all meals, lodging and activities. Need-based scholarships are available.
- Young adults with developmental disabilities living in their family home may be eligible for reduced tuition. Please contact our camp director to discuss.
- Space is limited; early enrollment is recommended.
- A deposit of \$25 is due at registration, with the remaining balance due no later than June 5, 2020.
- Once you complete the online application and pay the \$25 non-refundable deposit, you will be emailed further instructions.

Applications can be completed online at <http://bit.ly/coast2020>.
