AWESOME COUNSELORS

Many of our camp counselors were campers once themselves. Many also have epilepsy or have a family member who does. Counselors meet all NYS screening requirements for health and safety and undergo a rigorous training program. The camper-to-staff ratio is 3 to 1.

Our counselors-in-training program (for 16 & 17 yr. olds) is a great way to build self-confidence and prove to others and yourself that epilepsy doesn't have to be a barrier to succeeding in life!

24-HOUR MEDICAL TEAM

We have a robust volunteer medical team of RNs, nurse practitioners, and neurologists who are on site at all times to administer medications and provide care. Should an emergency arise, Wyoming County Community Hospital is 16 miles away.

BEAUTIFUL LOCATION

Camp EAGR is held at the YMCA's Camp Weona located between Rochester and Buffalo. Camp Weona has over 1,000 acres of woodlands, streams, and fields, as well as a private lake, heated outdoor pool, riding stables, residential cabins, dining hall, and a health/first aid facility.
