

CAMP Packing List 2023
What to pack for Camp EAGR

Camp EAGR is not responsible for lost clothes, so please put their name on their clothes.

To ensure your child has enough clothing for the week and the right gear for camp, we have developed this packing list for you to follow when preparing for your child to come to camp. ***Please follow it and pack all of the required gear. Please do not let your child bring any money, video games, phones or other electronic devices, expensive jewelry, gum, candy, drinks or any food of any kind, as they are not allowed in the cabins.***

When you arrive at camp, the counselors will check over the gear with you before you leave your child with us. ***If there are missing items, that we require, we will ask you to go to a local store and purchase the item before you leave your child with us for the week.*** It may seem that we ask for too many of one item, such as socks, but it can be wet at camp and we do not have access to a washer or dryer for clothes.

PLEASE LABEL ALL CLOTHING!!! This varies some per child, but this will make your child's week at camp that much more pleasant. If you have any questions, you can call Michael Radell at 585-442-4430 ext.2741.

Item	Number of items needed	Check off (√)	Additional Comments
